Patent-Pending Re^{3TM} Rip with Ease Reusable Shrink Wrap Ripping Tool

Novel tool designed by CableTechSupport™ Services to safely remove shrink-wraps without a utility knife. Sustainable, Multifunctional, Collectible!

Image not to scale. See Table 1 for dimensions.

CONSTRUCTION:

Southwire Part #: TBD

APPLICATIONS AND FEATURES:

- A patent-pending Re^{3TM} innovation designed by CableTechSupport™ Services engineers
- A sustainable tool to safely remove shrink-wrap from wire and cable reels without risking cut damage.
- This multifunctional device doubles as a collectible bottle opener, screwdriver head, key chain, and holiday ornament.
- It replaces utility knives for wrap removal, enhancing safety, efficiency, and user experience.
