Pull Tape

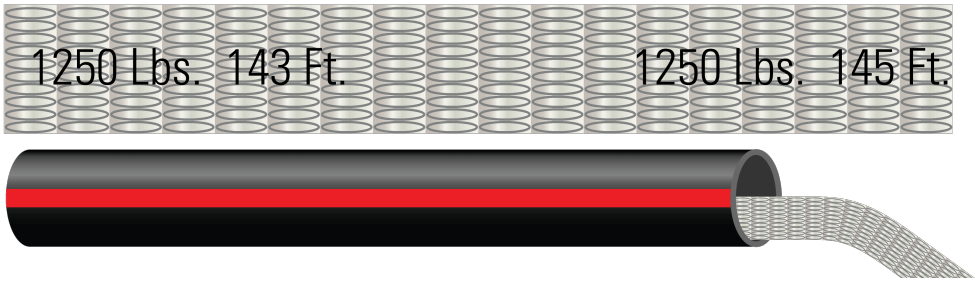

Image not to scale. See Table 1 for dimensions.

CONSTRUCTION:

- High strength measuring and flat woven pulling tape
- 100% polyester for low absorption of moisture
- Resistant to conduit cutting/burning-through during pulling
- Low elongation for safety and accuracy
- Printed with sequential footage markings for easy locating

Weights, Measurements, and Packaging

TENSILE STRENGTH	APPROX. WIDTH	SPOOL LENGTH	SPOOL SIZE	WEIGHT PER SPOOL
lbs	inch	feet	inch	lbs
1130	0.4375	3000	14 x 12	22
1130	0.4375	5000	14 x 12	37
1250	0.5	3000	1 x 12	25
1250	0.5	5000	14 x 12	40
1800	0.625	3000	14 x 12	30
1800	0.625	5000	18 x 13	45
2500	0.625	3000	18 x 13	46
2500	0.625	5000	18 x 13	66

Options

- Available in 1130#, 1250#, 1800#, and 2500# tensile strength
- 1800# and 2500# tape also available with a locatable tracer wire pre-installed
- Available on a reel
- Available pre-installed in conduit
